Primary & Middle school

INTERNSHIPS

Programming & web development intern   **October 2023**
2023 STEM+ Center run by Amideast & sponsored by BOEING – Cairo, Egypt

- I gained foundational skills in programming languages such as HTML, CSS, and JavaScript, which are essential for building websites.
- Developed problem-solving abilities through coding projects and teamwork.
- Additionally, the program enhanced my understanding of web development principles and introduced you to tools and techniques used in the tech industry.

Summer training program   **August 2023**
Commercial International Bank – Online Bootcamp

- I have learned essential skills for thriving in a digital-first workplace, including digital literacy, problem-solving, and collaboration in virtual environments.
- The program emphasized the importance of adaptability and continuous learning in a rapidly evolving job market.
- I gained hands-on experience with digital tools and technologies relevant to the banking sector, preparing you for future roles in the industry.

Financial Inclusion Intern   **August 2023**
Financial Inclusion Sector – Bank Misr, Cairo, Egypt

- I gained insight into the strategies and tools used to enhance financial accessibility for underserved populations.
- learned about the importance of digital banking, microfinance, and financial literacy in promoting economic empowerment.
- Moreover, I gained hands on experience of handling customer services and provide effective communication with the customers to embrace the situations and participate in the solutions provided.
- Additionally, I developed practical skills in analyzing financial data and understanding regulatory frameworks that support inclusive financial practices.

.NET Web Development Intern Information Technology Institute (ITI) – Summer Code Camp   **July 2025**
- Selected for a competitive 120-hour technical internship focused on backend web development.
- Acquired hands-on experience in: • SQL Server fundamentals • C# programming and OOP • Entity Framework for data access • ASP.NET MVC for scalable web applications

Digital Egypt Pioneers Initiative (DEPI) Full Stack .NET Web Development Trainee   **June 2025**
- Technical training in **C#, ASP.NET Core MVC, .NET Core Web API, SQL Server, HTML5, CSS3, JavaScript, Git/GitHub, Docker**.
- Completed **Capstone Project** and freelancing track (career coaching, soft skills, English).

TECHNICAL SKILLS

- Front-End Web Development:
    - Proficient in HTML, CSS, and JavaScript for front-end development.
    - Experience in creating responsive designs using Bootstrap and jQuery.
    - Basic knowledge of PHP for server-side scripting.
    - Familiarity with content management systems (CMS) like WordPress.

- Programming Languages:
    - Advanced knowledge of C# and Python for web and software development.
    - Familiarity with object-oriented programming (OOP) principles.
    - Basic proficiency in JavaScript for enhancing web interactivity.

- SQL Server:
    - Strong command of SQL Server database management and optimization.
    - Expertise in writing and optimizing complex SQL queries.
    - Designing and implementing robust relational database schemas.
    - Managing stored procedures, views, triggers, and performing data migrations.

- Web Development with ASP.NET MVC:
    - Proficiency in developing web applications using the ASP.NET MVC framework.
    - Skilled in writing C# code for dynamic and interactive web pages.
    - Expertise in using Razor syntax for building responsive user interfaces.
    - Managing routing and request handling efficiently within web applications.

VOLUNTEERING ACTIVITIES

HR member, Microsoft Student Partner in Cairo Uni.   **March 2024**
- Recruitment and Selection: Identifying, interviewing, and onboarding new members who align with the program's goals and values.
- Training and Development: Attending training sessions, and orientation programs to enhance my skills and ensure I'm well-prepared for my roles.
- Delegates Engagement and Retention: Fostering a positive and inclusive environment, addressing delegates concerns, and planning team-building activities to maintain high levels of motivation and commitment within the technical and non-technical committees.
- Developing and fostering positive delegates' relations with embracing the collisions that may happen between delegates of different committees working in one team on a project that supports the SDGs and provide a solution to business needs in society.
- Managing grievances and disciplinary actions in compliance with MSP's policies.
